

Amrut Fusion Single Malt Whisky

Brilliant pale gold with a subtle green blush. Powerful, near perfumed aromas offers an abundance of barley and honey, judiciously harmonised against delicate, lanolin like peat. The palate is rich, warm and plush; sweet barley flavours invade every crevice of the mouth, followed by waves of spice front to back, though the balance is nothing short of perfection given the high ABV. Dark chocolate, drying, earthy peat kicks into the after taste while the spices persist. Seriously good whisky!
