

Highland Park 12 Year Old Single Malt Scotch Whisky

Brilliant, bright gold appearance. The aroma is almost floral in delivery. Honey and toasted barley mingles with a perfectly balanced waft of peat and brine. An exceptionally soft, silky entry offers good concentration and the same seamless integration as found on the nose. Medium dry, subtle nashi-pear fruitiness combines with a judicious slap of peat. Crescendos with a spicy flourish at mid palate. Finishes peatier than some previous bottlings with drying brine, spice and smoke lingering before a honey fade.
