

# Oban 14 Year Old Single Malt Scotch Whisky

This is a very attractive medium bodied whisky with some distinctive island characteristics. Deep gold in colour. The nose is fragrant, sweet, with a whiff of smoke over a vanillan oak background. The palate is round, warming, malty, with delicate peaty undertones and a slightly viscous texture followed by a touch of pepper. The whisky has more elegance than most Island malts and is lighter, finishing smooth and long, with undertones of peat and distinct malty sweetness. A fine effort.
