

Redbreast 12 Year Old Single Pot Still Irish Whiskey

Deep, bright brassy gold. Powerful, sensuous aromatics, at first reminiscent of creamy soda then vanilla wafer and sweet cereals enter giving this a Bourbon slant. Entry is soft and light. Mid palate turns deliciously creamy with semi sweet, toasty cereals and brandy cream sauce flavours superbly counterpointed by spicy, drying oak. Finishes pure, crisp and dry with terrific length as the vanilla wafer biscuit again emerges followed by a late crème-caramel fade. An Irish with soul and distinctive style, this also offers a mouthfeel that's uncommon. Its lightness of body combined with depth of flavour make for a terrific aperitif.
