

Tullibardine Highland Single Malt Scotch Whisky Sovereign

Matured in first fill bourbon barrels, this whisky opens with spring flowers and sense of new mown hay, a touch of vanilla and soft fudge. After a few minutes of aeration the grassy tones mellow and are taken over by floral and fruit. The palate is rich and creamy, milk chocolate, malted barley, pear drops, cinnamon, vanilla and a long spicy finish. The non-chill filtration keeps the malt lingering on the palate providing length and depth.
