

# Writers Tears Pot Still Irish Whiskey

Flawless, bright gold appearance. One of the most pristine and delicate Irish aromas we've experienced with a deliciously fruity edge including notes of peach and pear over a distinctively Irish pot still base. Several minutes' aeration draws out banana cake and flashes of apple along with hints of vanilla and Manuka honey. Supremely soft entry builds into a medium bodied whiskey of stunning purity, achieving a wonderful fusion with a gently spiced, fruity, grainy profile followed by a burst of butterscotch at mid palate. Soft, slightly oily mouthfeel. Finish is dry and understated with notes of vanilla and cereal followed by a subtle butterscotch fade. In a word 'elegant', in fact, so lacy and light, it's hard to believe this is whiskey, such is its softness. Must try Irish. Non Chill filtered.
